

THE FEDERAL POLYTECHNIC, ILARO INTERNAL MEMO

From: Registrar

To: The Polytechnic Community

Ref. No.: R/SEC/GCR/124/Vol.XVII/159

Date: 9th March, 2026

RE: REGULATION OF CONTENT CREATION ON CAMPUS – A STRONG WARNING FROM THE MANAGEMENT

The Dean, Student Affairs' earlier Memo on the above subject heading refers.

The Management of the Institution hereby reiterates its displeasure at the alarming rate of unguarded and indiscriminate content creation on the campus.

The Federal Polytechnic, Ilaro, is nationally recognized as a citadel of academic excellence, characterized by a peaceful and harmonious environment with zero tolerance for indiscipline, an image that Management has carefully preserved over the decades.

In view of the foregoing, the Management will not stand by and watch the Institution's image being tarnished through the production of skits and other forms of content creation that are unprofessional and capable of portraying the Institution in a negative light.

Let it be emphatically stated that any individual or group found engaged in such acts will henceforth face appropriate disciplinary action.

However, for any academic department whose curriculum includes skit production or content creation as part of students' academic projects, prior permission must be obtained before using the Institution's facilities or campus grounds for such activities.

This directive must be strictly adhered to; any violation will not be taken lightly.

Thank you.

MRS. A. F. BABATOLA
