

AN ADROID FPI E-LEARNING MOBILE APP FOR STUDENTS

In order to bring the e-learning Application closer to the students and provide more convenience and easy access, an Android Mobile e-learning App has been developed. Please kindly help broadcast and send to Students' platforms. This App will work on Android 6.0 and above. Development is ongoing for I-Phone (IOS) users.

How to Download the App

- Go to the Google play store
- Type fpi e-learning App
- Click on install and then open after full installation
- Check your phone for the App Icon on your phone
- Identify the FPI logo and tap on it.
- Key in Student's Registration No and then Password
- Begin interaction with the application in a more convenient and flexible way.
